Dear Bob

When we bought this old house 20 years ago we really underestimated the multitude of problems that came with it. We were also inexperienced in hiring contractors/tradesmen etc. We could make a very funny sitcom using some of our adventures. But over the years we have found wonderful, reliable, competent professionals who have been enormously helpful. We have also learned the hard way to be wary. I am delighted to say that you and Bill are solidly in the category of wonderful, skilled and reliable.

Gordon and I hope you and your company have a long and successful life - we can't imagine it would be otherwise.

Gratefully,

Selene

PS I can't tell you how much I enjoy Bill. He is so friendly, cheerful, thorough and excellent at what he does. Thanks!!
