Dear Bob,

Thank you so much for all the work you and your crew did for our home so far! We love our new main bathroom and our showcase kitchen. I never imagined the kitchen looking so beautiful! Your crew did an outstanding job! We could not be any happier with our kitchen. Thank you and I hope that we weren't too big of a pain and that you will continue to work for us! I would like very much to refer you to all of our friends and neighbors, if you don't mind!?!

Also, thank you for adding those little extras that we requested for example the oak trim in the closet when I told Bill that I would like white, etc. Thank you for responding to every request and need. I would like to add my highest ratings for your company on the Angie's List and please pass on to Scott, Mike, Todd, Bill and the others (whose names I don't remember) that we are extremely pleased with their work! Lily and Lexy will miss you guys!!!

Thanks a million and we look forward to many more projects together!

Sincerely,

Brenda
